주: 1)은 총액만 파악되며 품목별 통계는 알 수 없음.

2)에는 두 가지 버전이 있음. 여기에는 堀和生の 추계치를 실었지만, 본서의 GDE 추계에 사용된 김낙년·박기주의 추계치는 1920-22년에 각각 18529, 20727, 20880으로 다름. 그 결과 무역의 최종 추계치도 그 만큼 차이가 있음.

3) 이태릭 체는 추계치임. '0'은 해당 통계수치가 표시된 단위의 1/2에 미치지 못해 반올림한 결과가 0이 되었음을 의미함.

공란은 해당사항이 없거나 자료부족으로 수치를 제공하지 못한 경우임.

4) 비무역품에는 '旅客携帶品', '鐵道小荷物', 이사화물(引越荷物)이 포함됨.

Note: 1) As to 1) only total value is known.

2) has two different versions. Kazuo Hori, Nak Nyeon Kim and Kijoo Park, working separately in Japan and Korea, could not reach an agreement over the amount of unreported trade in 1920-22. While 2) are Hori's estimates, Kim and Park's estimates were used to calculate GDE, which are 18529, 20727, 20880 thousand yen.

3) Italicized figures are estimates. '0' indicates the value is rounded off to zero. Blank indicate data is not applicable or not available.

4) Items excluded from trade totals include traveler's personal effects, railroad delivery parcels, and household items crossing border for residential change.
