

## 2009 Survey of Korean media use &amp; identity among Korean-Americans

Hello! We are carrying out a study of young Korean-Americans and Koreans that live in the U.S. You will be asked about your preferences on Korean media and your overall thoughts about your life in America. Your input will be treated strictly confidential but it will contribute to a better understanding of Koreans and Korean-Americans. The questionnaire should take about 20 minutes. We thank you for giving us your precious time.
